Commissioner for Patents

The reply filed on 31 October is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The amendment does not comply with the required Revised Amendment Format as required for all amendments submitted after 30 July 2003. Specifically, the amendment does not set forth the current status of all of the claims in the application (see MPEP 714 (III)). See 37 CFR 1.111. It is further noted that, although the remarks filed with the amendment state that only claims 24-33 are pending in the application, it appears that non-elected claims 16 and 23 are also pending.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel M Sullivan whose telephone number is 571-272-0779. The examiner can normally be reached on Monday through Friday 8-4:30. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Remy Yucel, Ph.D. can be reached on 571-272-0781. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
